

Tomdoun & East Glenquoich Estate has two recognised Beats:

Pouлары Beat

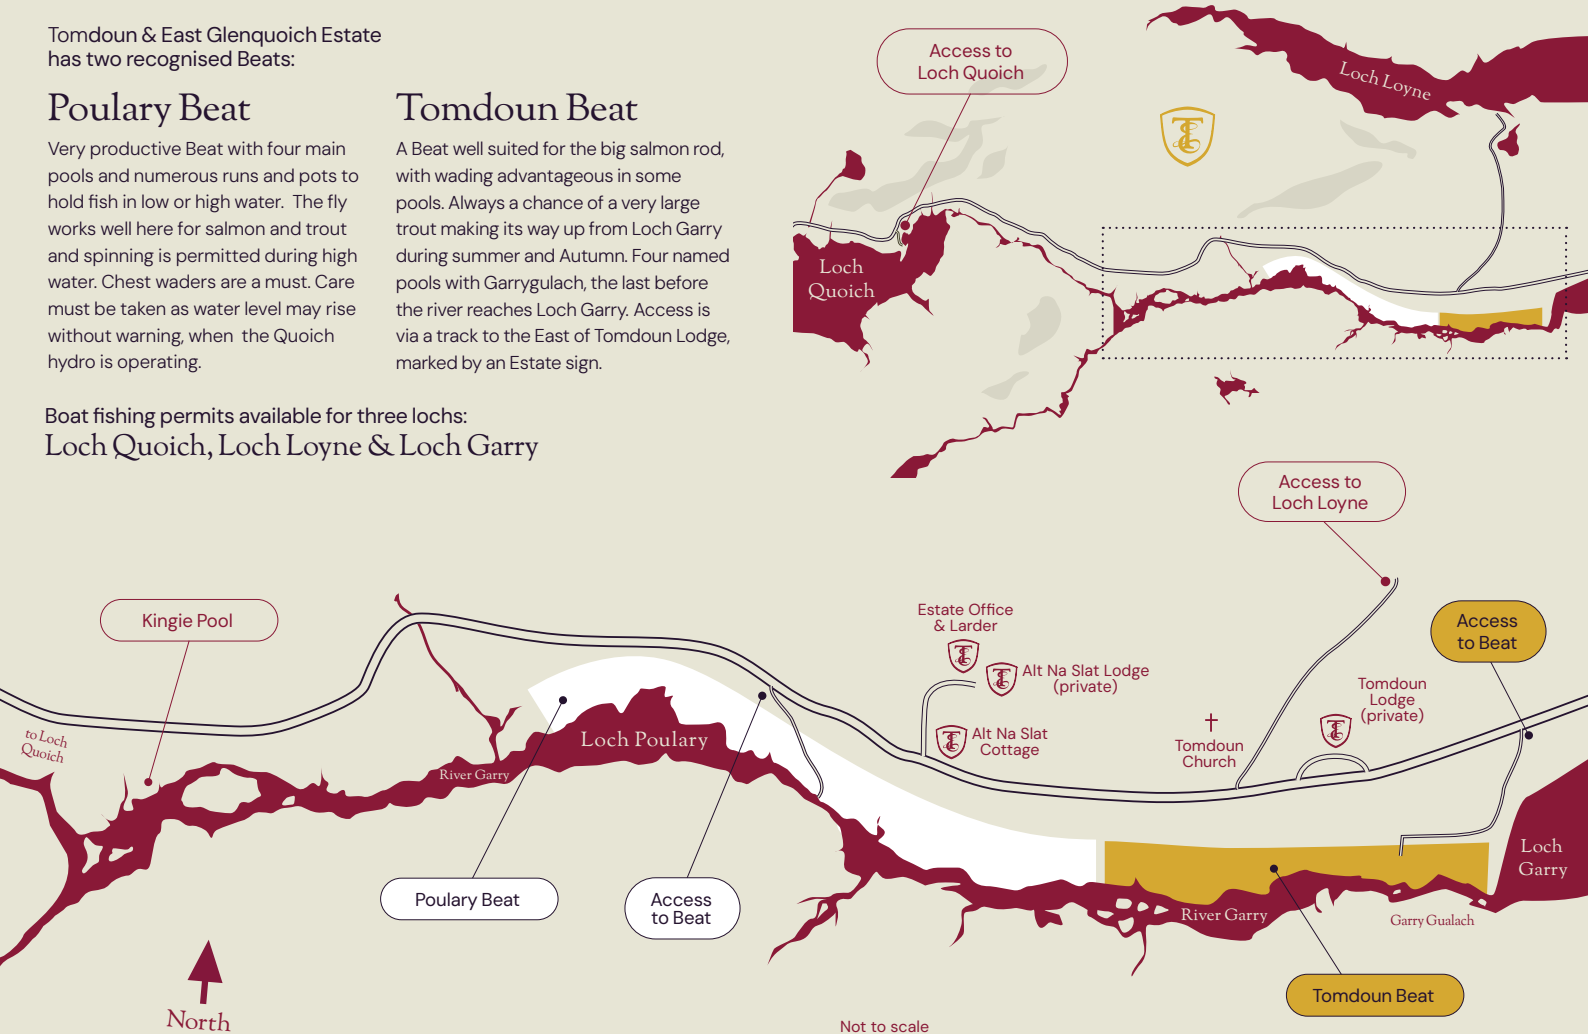

Very productive Beat with four main pools and numerous runs and pots to hold fish in low or high water. The fly works well here for salmon and trout and spinning is permitted during high water. Chest waders are a must. Care must be taken as water level may rise without warning, when the Quoich hydro is operating.

Tomdoun Beat

A Beat well suited for the big salmon rod, with wading advantageous in some pools. Always a chance of a very large trout making its way up from Loch Garry during summer and Autumn. Four named pools with Garrygulach, the last before the river reaches Loch Garry. Access is via a track to the East of Tomdoun Lodge, marked by an Estate sign.

Boat fishing permits available for three lochs:

Loch Quoich, Loch Loyne & Loch Garry
